

**Kim Bullock, M.D.**

Address: 401 Quarry Rd. Stanford, CA 94305-5546  
Phone: (650) 714-1459  
Fax: (650) 723-9807  
Email: kbullock@stanford.edu

---

**Education**

Psychiatry Residency, Stanford University, Stanford, CA	1997 - 2002
Internal Medicine Internship, Washington Hospital Center, Washington, DC	1994 - 1995
M.D., George Washington, Washington, DC	1990 - 1994
B.A., B.A. Animal Physiology, Psychology (honors with distinction), University of California, Revelle College, La Jolla, CA	1983 - 1989

**Current Position**

Director Virtual Reality & Immersive Technology Program	2016 - present
Director, Neurobehavioral Clinic	2012 - present
School of Medicine, Stanford University	
Stanford, CA City	

**Professional Experience**

Attending, Dialectical Behavior Therapy Program	
Attending, Inpatient Epilepsy Unit	
Attending, Neuropsychiatry Clinic	2012 - present
Attending, Psychosocial Clinic	2002 - present
Super-attending, Inpatient Psychiatry	2002 - present
Consultant, Veterans Administration, Palo Alto, CA	2002 - present
Attending, Anxiety Clinic	2002 - present
	2011 - 2015
	2002 - 2008

**Academic Appointments**

Clinical Associate Professor	2009 - present
Department of Psychiatry and Behavioral Sciences	
Stanford University	
Stanford, CA	
	2006 - 2009
Clinical Associate Professor	
Department of Psychiatry and Behavioral Sciences	
Stanford University	
Stanford, CA Assistant Professor	
Clinical Instructor	
Department of Psychiatry and Behavioral Sciences	2002-2006
Stanford University	
Stanford, CA Assistant Professor	

**Other Positions and Employment**

Vice-President, Peninsula Community Services, INC, San Mateo, CA	2004 - 2011
Research Assistant, Department of Psychiatry, UC San Diego, Neuroimaging Lab La Jolla, CA	1989 - 1992
Writer, Department of Psychiatry, Veterans Administration, Neurobehavioral Research Center, UC San Diego, La Jolla California	1989

**Certification and Licensure**

Diplomate, American Board of Lifestyle Medicine	2017
Diplomate in Behavioral Neurology & Neuropsychiatry, United Council for Neurologic Subspecialties	2012

Diplomate, American Board of Psychiatry and Neurology 2006  
State of California Medical License, #A56037 1996

### Professional Memberships and Activities

*International Association of Cyber Psychology, Training, and Rehabilitation* 2017 - present  
*Society for Brain Mapping and Therapeutics, Board of Directors* 2017  
*American College of Lifestyle Medicine* 2015 - present  
*Physicians Committee for Responsible Medicine* 2013 - present  
*American Neuropsychiatric Association* 2011 - present  
*American Epilepsy Society* 2011  
*Association for Behavior and Cognitive Therapies* 2006 - present  
*Physicians for Social Responsibility* 2002 - present

### Honors and Awards

*Special Thanks and Recognition Award, Palo Alto Veterans Administration* 1998  
*Donald Glew Award for Student Research, George Washington University* 1994  
*William Beaumont Society Research Award, George Washington University* 1990  
*Departmental Honors with Distinction in Psychology, University of California, San Diego* 1989  
*Chancellor's Leadership Award, University of California* 1987

### Committee Assignments and Administrative Services

*Brainstorm: Stanford Laboratory for Brain Health Innovation and Entrepreneurship, partner* 2017 - present  
*Stanford Mental Health Technology & Innovation Hub, member* 2017 - present  
*Reimagine Mental Health Initiative, member* 2017  
*Stanford Psychiatry Immersive Technology Consortium, founder* 2016 - present  
*Behavioral-Telehealth-Technology Committee, member* 2015 - present  
*School of Medicine Senate, Senator* 2015 - present  
*Diversity and Wellbeing subcommittees member* 2017  
*Stanford School of Medicine Senate, Alternate* 2014 - 2015  
*Psychiatry CME Conference Planning Committee, member* 2014 - present  
*Medical Monitoring of Psychotropic Medication Committee, member* 2013  
*Community Psychiatry and Behavioral Health Group, member* 2012 - present  
*Conversion/Functional Neurological Disorder Consortium, founder* 2011 - present  
*Grand Rounds and Ongoing Education Committee, member* 2011 - 2017  
*Psychiatry Residency Psychotherapy Committee, member* 2011 - 2013  
*Cognitive Behavior Therapy Task Force leader* 2011 - 2012  
*Stanford Psychiatry NAMI Walk Group, team leader* 2011 - present

### Educational Activities

See attached Teaching Portfolio

### Grants and Contract Awards

#### PENDING

1% FTE Safer(PI) 2017-2018  
NEDA National Eating Disorders Association, The Feeding Hope Fund for Clinical Research  
The study will assess the acceptability and feasibility of implementing Virtual Reality to enhance outcomes with eating disorder in US patients.  
Role: Consultant

#### ONGOING

10% FTE  
1R01MH105461-01A1 Rodriguez (PI) 09/25/15-06/30/20

NIMH  
NMDAR Modulation As A Therapeutic Target and Probe of Neural  
Dysfunction in OCD  
Overall goals: To determine how NMDA receptor modulation modifies the  
underlying pathology of OCD to relieve repetitive thoughts and behaviors.  
Role: Independent Evaluator

#### COMPLETED

1189192-104-DHCMV Psychiatry Small Grants Program, Stanford Virtual Reality Therapy for Functional Neurologic Disorder. The goal of this study is to compare the effects and changes in symptom frequency of Mirror Visual Feedback delivered via a virtual reality platform to a placebo passive nonembodied virtual reality experience. Role: PI	<b>Bullock (PI)</b>	01/01/16-12/31/17
IPA-SXBQF This study examined the dissemination efficacy of the national VA training program roll out of evidenced based psychotherapies for veterans thru the Department of Veterans Affairs, Office of Mental Health. The specific component of the study included was "Cognitive Behavior Therapy for Depression Dissemination Project" Role: Content Expert, Trainer	Yesavage (PI)	02/2012-04/2015
Research Incentive Fund Award (12K) Stanford University The goal of this study was to evaluate the effectiveness of group psychotherapy for improving outcomes in patients with non-epileptic seizures. Role: Co-Investigator	Barry (PI)	9/01/02-9/01/04

## Abstracts and Presentations - \*invited

### Oral Presentations

#### *National/International Meetings*

\* March 29, 2018

Los Angeles, CA

Presentation titled: "Virtual Reality Therapies in Neuropsychiatry"

Presented at Cedar Sinai's 1st Annual Virtual Medicine: Best Practices in Virtual Medicine conference

\*April 27, 2018

Vancouver, BC, Canada

Presentation titled: "The Use of Virtual Reality for Somatic Symptom Disorders"

Presented at the 34<sup>th</sup> Annual Meeting of the American Academy of Pain Medicine

\*July 20th, 2017

London, UK

Presentation titled: "Virtual reality in the treatment of functional neurological symptom disorder."

Presented at the Royal Society of Medicine, joint meeting of the Clinical Neurosciences and Psychiatry supported by the European Psychiatric Association

\* May 1st, 2017

Stanford, CA

Invited oral presenter and panel member: "How Virtual Reality Technology Will Transform Healthcare"

Presented at the Health Technology Forum's 2017 Innovation Conference

\*April 24th, 2017

Fndhope.org website

Invited specialist providing FND psychoeducation in webinar format on FNDhope.org consumer self-help website

\*April 18<sup>th</sup>, 2017

Los Angeles, CA

Invited oral presentation: "Mirror Therapy for Psychosomatic Illness"

Presented at the Society for Brain Mapping and Therapeutics 14<sup>th</sup> Annual World Congress

\*June 23rd, 2016

Melbourne, Australia

Invited oral presentation: "Group Dialectical-Behavior Therapy Skills Training for conversion Disorder with Seizures"

Presented at the 8th World Congress of Behavioural and Cognitive Therapies

May 3rd, 2014

New York, NY

Workshop presenter: Somatic Symptom and Related Disorders (SSRD) in Children and Adults: A Clinical Approach at 167th American Psychiatric Association Annual Meeting

\*October 4th, 2013

University of Washington, Seattle, Washington

Lecture entitled "DBT pilot for conversion disorder" at annual Dialectical Behavior Therapy Strategic Research Planning Meeting at Marsha Linehan's Behavioral Research and Therapy Clinics.

\*December 3, 2011

Baltimore, MD

Special Interest Group titled "Novel Interventions for the Diagnosis and Treatment of Psychogenic Nonepileptic Seizures."

Presented at the 65th Annual Meeting, American Epilepsy Society.

May 19, 2003

San Francisco, CA Symposium titled "Compulsive buyers: Treating the casualties of consumerism."

Presented a lecture on the pharmacotherapy for compulsive buying at the 156th annual American Psychiatric Association meeting.

#### *Local/Regional Meetings*

\*October 4th, 2016  
San Francisco, CA  
Invited oral presentation: "Virtual Reality Mirror Therapy for Functional Neurological Disorder"  
Presented at Athena Health, Virtual Reality in the Practice of Medicine

\*February 26th, 2016  
February 14th, 2017  
Santa Clara, CA  
oral presentation entitled: "The Basics of Cognitive Behavior Therapy and Dialectical Behavior Therapy"  
Presented to NAMI Santa Clara County Consumer Advisory Council

\*October 13, 2014  
Stanford University, School of Medicine, Stanford, CA  
Neurology Grandrounds entitled "Group Therapy for Functional Neurological Disorder".

## **Poster Presentations**

### ***National/International Meetings***

September 8th, 2017  
Edinburgh, Scotland, UK  
Poster titled: "Virtual Reality Delivered Mirror Visual Feedback for Functional Neurological Disorder"  
Presented at the 3rd International Conference on Functional (Psychogenic) Neurological Disorders

September 8th, 2017  
Edinburgh, Scotland, UK  
Poster titled: "Documentation Bias in Functional Neurological Disorders: Comparing the Prevalence and Documentation of Suspected FND with Common Neurological Disorders"  
Presented at the 3rd International Conference on Functional (Psychogenic) Neurological Disorders

June 26-28th, 2017  
Wolverhampton, UK  
Abstract and Poster titled: "Virtual Reality Delivered Mirror Visual Feedback for Psychosomatic Symptoms Using Limb Swapping"  
Presented at the 22nd CyberPsychology, CyberTherapy, and Social Networking Conference (CYPSY22) at University of Wolverhampton

April 19th, 2016  
Vancouver, BC  
Poster titled: "Documentation Bias in Functional Neurological Symptom Disorder: Comparing the Prevalence and Documentation of Neurological Symptom Disorder and Parkinson's Disease"  
Presented at the 68th annual meeting of American Academy of Neurology

March 18th, 2016  
San Diego, CA  
Poster titled: "Psychological Characteristics and Treatment Outcomes in Functional Neurological Symptom Disorder Patients Undergoing Group Psychodynamic and Dialectical Behavioral Therapies" Presented at the 27th annual meeting of the American Neuropsychiatric Association.

March 28th, 2015  
Orlando, FL  
Poster titled: "Emotion Regulation in Functional Neurological Symptom Disorder Patients Receiving Group Dialectical Behavior Therapy Skills Training"  
Presented at the 26th annual meeting of the American Neuropsychiatric Association.

April 4, 2013  
Boston, MA  
Poster titled: "Dialectical Behavior Therapy for Conversion Disorder: A Pilot Study."  
Presented at the 24th annual meeting of the American Neuropsychiatric Association.

April 29, 2012  
Burlingame, CA  
Lin, G., Tai, C., Trettin, L.J., Bullock, K.D., & Keller, J. (2012, April). Empowerment and Self- Defense Skills Training for Women with History of Interpersonal Violence.  
Paper presented at the 92nd Annual Convention of the Western Psychological Association.

April 26, 2012  
Burlingame, CA  
Poster titled: "Dialectical Behavior Therapy Skills Groups for Conversion Disorder: A Pilot Study."  
Presented at the 92nd Annual Convention of the Western Psychological Association.

April 20, 2012

Monterey, CA

Poster titled: "Dialectical Behavior Therapy Skills Groups for Conversion Disorder: A Pilot Study."  
Presented at the 2012 California Psychological Association Convention.

November 10, 2011

Toronto, Canada Poster titled "Dialectical Behavior Therapy Skills Groups for Conversion Disorder: A Pilot Study." Presented at the 16th annual conference, International Society for the Improvement of Teaching Dialectal Behavior Therapy.

December 3-8, 2004

New Orleans, LA

Poster titled "Group Psychotherapy for Patients with Non-Epileptic Seizures - A pilot study."  
Presented at the 58th Annual Meeting, American Epilepsy Society.

December 3-8, 2004, New Orleans, LA

Poster titled "Comparative study of childhood trauma in epilepsy and non-epileptic seizure patients." Presented at the 58th Annual Meeting, American Epilepsy Society

May 27-30, 2003, Boca Raton FL

Poster titled "Double-blind oral morphine in treatment resistant obsessive-compulsive disorder."  
Presented at the 43rd annual NCDEU meeting.

May 17-22, 2003

San Francisco, CA

Poster titled "Double-blind oral morphine in treatment-resistant OCD."  
Presented at the 156th Annual Meeting, American Psychiatric Association.

May 17-22, 2003

San Francisco, CA

Poster titled "Pharmacotherapy for compulsive buying."  
Presented at the 156th Annual Meeting, American Psychiatric Association.

May 17-22, 2003

San Francisco, CA

Poster titled "A one-year naturalistic follow-up of patients with compulsive buying disorder."  
Presented at the 156th Annual Meeting, American Psychiatric Association.

December 9-13, 2001

Waikoloa Village, Hawaii,

Poster titled "Citalopram for Compulsive Shopping Disorder: a double-blind study."  
Presented at the annual meeting of The American College of Neuropsychopharmacology

May 28-31, 2001

Phoenix, AZ

Poster titled "Oral morphine in treatment resistant obsessive-compulsive disorder."  
Presented at the 41st Annual NCDEU Meeting.

May 28-31, 2001

Phoenix, AZ

Poster titled "Citalopram treatment of compulsive shopping: An open-label pilot study."  
Presented at the 41st Annual NCDEU Meeting.

May 5-10, 2001

New Orleans, LA

Poster titled "Citalopram treatment of compulsive shopping: An open-label pilot study."  
Presented at the 154th Annual Meeting of the American Psychiatric Association.

December 10-14, 2000

San Juan, Puerto Rico,

Poster titled "Citalopram Treatment of Compulsive Shopping: an open-label pilot study."  
Presented at the annual meeting of the American College of Neuropsychopharmacology.

March 29 - April 1, 2001

Sardinia, Italy

Poster titled "Double-Blind Oral Morphine in Treatment Resistant Obsessive-Compulsive Disorder."

Presented at the 5th International OCD Conference.

### ***Local/Regional Meetings***

October 13th, 2018

Stanford, CA

Invited talk: "Mind-Body-Technology Connections: Functional Movement Disorders and

Immersive Reality Treatments"

Presented at the 9<sup>th</sup> Annual Bridging Breakthroughs in Neuroscience from Bench to Bedside conference

Where: A Continuing Medical Education Conference presented by the Department of Neurology and Neurosurgery at

Stanford University School of Medicine

October 13th, 2018

Stanford, CA

Invited talk: "Virtual Reality in the Treatment of Functional Neurological Disorder"

Presented at the 4<sup>th</sup> Annual Innovations in Psychiatry and Behavioral Health: Adult Disorders, Technology, and Provider Wellbeing

Where: A Continuing Medical Education Conference presented by the Department of Psychiatry and Behavioral Sciences at

Stanford University School of Medicine

June 9th, 2017

Stanford, CA

Poster titled: "Documentation Bias in Functional Neurological Disorders: Comparing the Prevalence and

Documentation of Suspected FND with Common Neurological Disorders"

Presented at the Stanford University School of Medicine Neuroscience Forum Symposium

\*September 26th-27th, 2016

Stanford, CA

Invited Neurolab demonstration of use of Virtual Reality in the Department of Psychiatry and Behavioral Sciences

Presented at Stanford Brain Summit

May 9th, 2016

Stanford, CA

Poster titled: "Documentation Bias in Functional Neurological Symptom Disorder: Comparing the Prevalence and Documentation of Neurological Symptom Disorder and Parkinson's Disease"

Presented at the 2nd Annual Resident Quality Improvement/Patient Safety Symposium

May 29th, 2015

Stanford, CA

Poster titled: "Emotion Regulation in Functional Neurological Symptom Disorder Patients Receiving Group Dialectical Behavior Therapy Skills Training"

Presented at the 2015 Stanford University School of Medicine Neuroscience Forum.

### **Specialty Training**

2017- present

Monthly virtual reality augmented cognitive behavior therapy supervision and case consultation with expert VR master clinician, Elizabeth McMahon, Ph. D.

2017

Plant-Based Nutrition Certificate, eCornell and T. Colin Campbell Center for Nutrition Studies

2016

Virtual Reality Exposure Therapy for Phobias, Virtual Reality Cue Exposure Therapy for Addictions by Virtually Better, Inc. Marat V. Zanov, PhD, ABPP

2014

200h Ashtanga Yoga Teacher Training

2013

Certified TEAM Therapist and Trainer: level 4

2011 – 2012

Intensively trained in Dialectical Behavior Therapy by Behavioral Tech

2010 – 2015

Weekly supervision in dialectical behavior therapy by Craig Forte, MSW

2011

Weekly supervision in time limited psychodynamic psychotherapy (TLDP) with Katherine DeWitt, Ph.D.

2009

Completed Clinical Teaching Faculty Seminar, by Stanford Faculty Development Center for Medical Teachers

2006- 2012

Monthly supervision from Jacqueline Persons, Ph.D. at San Francisco Center of Cognitive Therapy

2002 – 2011

Monthly supervision from David Burns, MD in TEAM model of psychotherapy

## Unfunded Research

- 1987 to 1989 Department of Psychiatry, Veterans Administration, UC San Diego, La Jolla, CA Advisor: Igor Grant, MD.  
Alcohol Research Program studying the neuropsychological effects of alcohol dependence.
- 1989 Department of Psychiatry, UC San Diego,  
Advisor: Igor Grant, MD  
Neurobehavioral Research Center, a multidisciplinary inquiry into the neurologic and neurobehavioral effects of HIV.
- 1989 to 1992 Department of Psychiatry, UC San Diego  
Advisor: Terry Jernigan, Ph.D.  
Research assistant and magnetic resonance imaging technician for studies involving multiple cognitive and psychiatric disorders.
- 2000 to 2002 Anxiety Clinic, Department of Psychiatry, Stanford University School of Medicine  
Advisor: Lorrin Koran  
Involved in clinical trials for refractory obsessive compulsive disorder (OCD) using oral morphine and intravenous clomipramine. Designed and implemented clinical trial using SPECT in an OCD cognitive activation paradigm. Clinical trials of citalopram for compulsive shopping.
- 2002 to present Neuropsychiatry, Stanford University School of Medicine  
Primary Investigator: John Barry, MD  
Comparison study between inpatients with epilepsy and non-epileptic seizures with emphasis on childhood trauma. Examining group therapy interventions for conversion disorder, seizure type using cognitive behavioral, psychodynamic and dialectical behavioral orientation.
- 2010 to present Neuropsychiatry, Stanford University School of Medicine  
Primary Investigator: W. Curt La France Jr., MD, MPH  
Administering cognitive behavior therapy in a pilot multi-center randomized, controlled trial of non-epileptic seizure (CBT) patients treated with either flexible dose sertraline, CBT, CBT plus sertraline, or treatment as usual.
- 2010 to present Neurobehavior Clinic, Stanford University School of Medicine  
Principal Investigator: **Kim Bullock, MD**  
Dialectical Behavior Therapy (DBT) skills training and Functional Neurological Disorder.
- 2011 to 2014 Stanford University School of Medicine  
Principle Investigator: Jennifer Keller, Ph.D.  
Performing physical exams for study determining the feasibility of a class which combines psychoeducation and psychological skills training with physical self-defense training in women with a history of physical and/or sexual violence.
- 2011 to 2012 San Francisco Center for Cognitive Behavior Therapy, Oakland, CA  
Principal Investigator: Jacqueline Persons, Ph.D.  
Participated in piloting online platform funded by Evidenced Based Practice Institute (EBPI), NIH prime using online progress tracking (OPT).
- 2011 to 2015 Veterans Health Administration  
Cognitive Behavior Therapy (CBT) training consultant for a study examining the dissemination effects of CBT training for depression. This study is part of larger national evidenced based initiative for treatment of veterans.
- 2013 to 2015 Stanford School of Medicine  
Principal Investigator: Dolores Gallagher  
Project: Faculty Seed Grant for innovative online and blended courses.

Description: Use of Blended Learning Technologies to Create a forum for Learning and Reflection: Enhanced Mastery of Cognitive Behavioral Therapy Skills.

2012 to 2015	Department of Surgery Principal Investigator: Sabine Girod Description: Use of Group Therapy to Improve Outcomes in Orthognathic surgery
2015 to 2016	Department of Psychiatry Principal Investigator: Sepideh Bajestan Description: Functional Neurological Symptom/Conversion Disorde Psychodynamic Group versus Dialectical Behavior Therapy skills training.
2015 to present	Department of Psychiatry Principal Investigator: Athena Robinson Description: Assessing Effectiveness of Evidence Based DBT Skills Training Groups in an Outpatient Clinic Setting.
2015 to present	Department of Neurology Principal Investigator: Katherine Emily Leaver Description: Investigating Prevalence of Documented versus Suspected Functional Neurological Disorder
2016 to present	Department of Psychiatry Principal Investigator: <b>Kim Bullock</b> Description: Computer based T.E.A.M. Feasibility and Efficacy Study
2016 to present	Department of Psychiatry Principal Investigator: <b>Kim Bullock</b> Description: Virtual Reality delivered Mirror Visual Feedback for Chronic Regional Pain Syndrome

## Teaching Portfolio

### University/Hospital Teaching

Course Name:	Stanford Psychiatry Grand rounds
Description:	Virtual Reality Therapies for Functional Neurological Disorder patients' Date: June 14, 2018
No. of Times:	once, 1 hour
To Whom:	Stanford University Department of Psychiatry and community
Where:	Stanford University, School of Medicine, Psychiatry Department of Behavioral Sciences
Course Name:	Essentials of Inpatient Psychiatry - Therapeutic Alliance
Description:	Interactive workshop introducing concepts and research on therapeutic alliance. Experiential learning to improve interpersonal skills in creating bonds, goal agreement and commitment.
Year:	2012 - 2018
No. of Times:	5 times, two 1.5 hour lectures
To Whom:	10 – 12 Stanford PGYI psychiatry residents and medical students
Where:	Stanford University, School of Medicine, Psychiatry Department outpatient clinics
Course Name:	CNR-X Clinical Neuroscience & Research Experience
Description:	Virtual Reality and Mental Health

Year: August 9th, 2017 and 2018  
No. of Times: 2  
To Whom: Chinese high school students (various grade levels), Chinese adult chaperones, and staff mentors (college students or college grads)  
No. of Students: 18  
Where: Stanford University, School of Medicine, Psychiatry and Behavioral Sciences

Course Name: Functional Neurological Disorder Support Group  
Description: Monthly meeting created in the Neuroscience Supportive Care Program  
Year: July 10th, 2017  
No. of Times: 1  
To Whom: patients and caregivers  
No. of Students: 9  
Where: Stanford Neuroscience Health Center, 213 Quarry Road, Wellness Room, Palo Alto, CA

Course Name: CME Pain Medicine Didactic Lecture Series  
Description: Functional Neurological Disorder & Virtual Reality Therapies  
Year: June 23, 2017  
No. of Times: 1  
To Whom: Department of Anesthesiology, Perioperative and Pain Medicine  
No. of Students: 20 plus videoconference attendees  
Where: Redwood City Pain Clinic Conference Room

Course Name: Functional Neurological Disorder  
Description: Presentation and video recording thru Stanford Health Library patient and community education presentation and archival medical psychoeducation. <http://www.shlnews.org/?p=1334>  
Year: May 25th, 2017  
No. of Times: 1  
To Whom: providers, patients, community, and caregivers  
No. of Students: 40+  
Where: Stanford health Library, Hoover Pavilion, Palo Alto, CA

Course Name: Headache Division Didactic Lecture Series  
Description: Somatic Symptom Related Disorders  
Year: December 7, 2016 and April 5th, 2017  
No. of Times: 2  
To Whom: Stanford Department of Neurology, Headache Division  
No. of Students: 10  
Where: Stanford Hoover Building

Course Name: 3rd Annual Innovations in Psychiatry and Behavioral Health: Virtual Reality and Behavior Change  
Description: Co-course director of Continuing Medical Education (CME) conference presented by the Department of Psychiatry and Behavioral Sciences.  
Date: October 6-7, 2017  
No. of Times: once, 1 hour  
To Whom: International and local clinicians and community and stakeholders  
Where: Stanford University, School of Medicine, Department of Psychiatry and Behavioral Sciences, Li Ka Center Shing Center

Course Name: Psychiatry Grand rounds  
Description: Dialectical Behavior Therapy (DBT) for the Non-DBT Practitioner Complexities, and Practical Applications  
Date: April 13, 2017  
No. of Times: once, 1 hour  
To Whom: Stanford Psychiatry Department and community  
Where: Stanford University, School of Medicine, Department of Psychiatry and Behavioral Sciences, Li Ka Center Shing Center

Course Name: Movement Disorder Lecture Series  
Description: Virtual Reality Therapies for Functional Neurological Disorder  
Year: December 5, 2016  
No. of Times: 1  
To Whom: Stanford Department of Neurology, Movement Disorder Division  
No. of Students: 18  
Where: Stanford Neurosciences Building

Course Name: Essentials of Inpatient Psychiatry  
Description: Inpatient DBT for Mood Disorders  
Year: 2016, 2017  
No. of Times: twice, 1.5 hours  
To Whom: 12 Stanford PGYI psychiatry residents and medical students  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: Neurology Grand Rounds  
Description: Dialectical Behavior Therapy for Functional Neurological Symptoms  
Disorder Date: September 5, 2014  
No. of Times: 1  
To Whom: Stanford Neurology Department and community  
Where: Stanford University, School of Medicine, Department of Neurology, Clark Center

Course Name: Dialectical Behavior Therapy  
Description: DBT Principals & Treatment  
Year: Fall 2014  
No. of Times: 12  
To Whom: PGY4 psychiatry residents  
No. of Students: 12  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: Conversion Disorder Workshop  
Description: DBT treatment of Conversion Disorder  
Year: Spring 2014  
No. of Times: 1  
To Whom: PGY3 psychiatry residents  
No. of Students: 12  
Where: Stanford University, School of Medicine, Psychiatry Department outpatient clinics

Course Name: Advanced Psychopharmacology, Case Studies
