CALL FOR PROPOSALS

NEUROSCIENCE: TRANSLATE
AWARD APPLICATION

GRANTS UP TO $100,000
to support translational research addressing unmet needs in any area of neuroscience

ELIGIBILITY

- Each proposal must have at least two co-principal investigators from two different fields both of whom must be members of the Stanford Neurosciences Institute (become a faculty affiliate)
- At least one faculty must be a clinician. Clinician is broadly defined to include faculty who work with human users, they don’t have to be humans with disease. Other faculty members may be from engineering, sciences or any discipline.
- All co-principal investigators must be Stanford faculty with UTL, MCL, CE, or NTL appointments. Other team members (grad students, postdocs, research staff, etc.) may be included

DETAILS

DUE DATE: October 15, 2019
